AUNT CARRIE OUSTED

The Kansas Smasher Ejected From the White House.

She Was Afterwards Put Out of the Senate Gallery—Canal Treaty Signed.

MORE STATES TO SECEDE

MRS. NATION PUT OUT.

Washington, D. C., Nov. 19.—Mrs. Carrie Nation was forthrightly ejected from the executive office this morning. She called and demanded to see the president. Secretary Loeb declined to allow her to see President Roosevelt, and she continued to shout so loudly that it was necessary to take her out of the grounds. As she left the building she shouted: "I am going to pray for a Prohibitionist president. One who will represent the people and not the distillers and brewers."

She then went to the senate gallery and yelling out something there, was ejected again.

OTHER STATES MAY SECEDE.

Washington, Nov. 19.—The state department has been informed by cablegram from one of its agents on the Isthmus of Panama that the Colombian provinces of Chocó and Antioquia are preparing to rise up against Colombian sovereignty for the purpose of joining the new Panama republic.

PANAMA TREATY SIGNED.

Washington, D. C., Nov. 19.—The Panama canal treaty was signed today by Secretary Hay and Panama's minister, Varilla.

SCHOOL NOTES

Rector Sykes Greatly Helped High School Pupils.

The Fire Drills in the Schools are Proving Very Successful.

Rector John W. Sykes, of the Grace church, Ninth and Broadway, is delivering a series of addresses and interpretations to the high school pupils.

He began his talks three weeks ago and speaks on every Friday morning. The first address was delivered three weeks ago on the "Character That Wins." This was followed by an interpretation of Shakespeare's "Merchant of Venice" which remains unfinished. Tomorrow Rector Sykes will conclude his "Merchant of Venice" and will start on a new subject the following Friday.

These addresses have proven a source of much pleasure to the pupils of the high school and have become so popular that the teachers decided to have them continued throughout the two terms.

The fire drills at the High school building are still going on and several days ago a test drill was made and the building cleared of every pupil within two minutes time.

Principal Payne and the janitor, who gave the alarm, were the only persons knowing of the test, and when the alarm was sounded every pupil took his place in line and was marched out of the building. There was just a little excitement, some fearing the fire was a big one but no stampede was caused and the teachers are satisfied with the results of the drills. They were greatly surprised to learn on reaching the ground that it was merely a drill but were pleased with their work.

BARBER'S COURT.

Joe Williams, colored, is charged in a warrant issued by Justice Barber at the instance of Pearl Gilbert, colored, with seduction. He has not been arrested. The girl is under 21 and claims the accused took her to a house on 14th Eleventh street Nov. 11th and kept her until Nov. 18th.

IN THE COURTS

Boys Waive Examination in the Police Court.

Not Much Business Transacted in Circuit Court This Morning.

POLICE COURT.

Herbert Holland, George Ragsdale and Watson Hannors, the white boys who broke into Mr. Howell's residence near Eighth and Boyd streets, and stole a gun and several pistols, and were yesterday arrested for the offense, waived examination before Police Judge D. G. Sanders this morning and were held over, the two former under a bond of \$300 and the latter on his own recognizance.

George Wright, colored, who thought he would have fun at the expense of the general public on lower Kentucky avenue last night, was fined \$10 and costs. He tried to clean out a saloon, it is said, and ordered and abused the police when they arrested him.

Lewis Gardner, colored, who sold several smoothing irons and forgot they didn't belong to him, was held over under a \$300 bond, having waived examination.

James Taylor, white, who was fined \$10 and costs some time ago and the fine suspended under good behavior, was arraigned again this morning for a breach of the peace and the former fine imposed. He was dismissed of the other charge.

The breach of the peace case against Will McCormick, white, was dismissed.

The breach of the peace case against Charles Groshard, white, was continued, and set for Friday.

CIRCUIT COURT.

The petition was dismissed as to W. E. Allen in the case of Robert Boyd against W. E. Allen and others.

The case of Halloran vs. Greif, and Atkins vs. Mitchell were stricken from the docket.

Without prejudice the court dismissed the suit of Goben vs. Ivay at defendant's cost.

In the suit of Jansen against the Paducah Brewing company, the plaintiff filed a motion to strike certain paragraphs from the answer of co-defendants. Sam B. Hughes.

The defendant's motion to compel plaintiff to elect who shall be prosecuted, the Ledger Publishing company, or the alleged hackers, was overruled in the suit of B. G. Oakwell against the Ledger Publishing company.

The following cases were continued: Pat Halloran against O. O. Allard; Ricks against Loving; W. W. Kimball against James Thomas and King against Bradley.

Judge Husbands has fixed no date for trial of the Register mandamus suit against the city of Paducah. The summons have never been served. It is said, and unless a special date is fixed the case will go over until the December term of court.

In the case of the City National bank against William Chesterfield, a judgment for sale of stock was filed. The stock had been attached for debt.

The case of Leeper against Pritchett was continued.

IT IS TO LAUGH.

Rome, Nov. 19.—It is reported that Samuel Clemens (Mark Twain) is working on three books. One of these is entitled "How Americans Discovered Italy."

THE TEAMSTERS JOIN

Chicago Street Car Company Can't Get Coal.

Drivers of Wagons in Which Coal Is Hauled Quit Work This Morning.

NO SETTLEMENT IS NEAR

Chicago, Ill., Nov. 19.—There is little hope of immediate peace in the street railway strike at present. Today the teamsters who haul coal for the railway, sixty in number, went on a strike, which further complicates the trouble, the company being unable to obtain coal for the power house.

The striking employees conditionally abandoned their demand for a closed shop, and Mayor Harrison and the aldermanic mediation committee nourished a hope that cars without police might be running within two days.

Then President Mahon met the head officers of the various Chicago carmen's unions, and the sentiment prevailed that if peace should come out of the city hall conference it would mean practically a labor surrender. Accordingly it was given out at midnight that rather than lose the strike completely, the unions "will tie up the transportation facilities of the entire city."

The company has effected plans for opening up three more of its trunk lines before the close of the week.

Cars were started on the third line of the Chicago City railway system, four trains being sent out on the Indiana avenue electric line. The cold weather aided in keeping hundreds off the streets and was a powerful factor in averting early disorder.

The mayor and aldermanic arbitration committee held a conference with the railway officials, but nothing of an encouraging nature resulted.

Representatives of street car unions in the city also called on the mayor and in an unqualified manner placed before him their demand that the employers be forced to arbitrate.

RELATIVES LOCATED

NO WORD YET RECEIVED, HOWEVER, FROM ROSENCRANZ'S FAMILY.

Undertakers Nance & Spaulding this morning received a letter from the Soldiers Home at Quincy, Ill., in regard to the death here of Alfred Rosenkrantz, the aged hermit found dead Sunday above Island Creek. He was an inmate of the home, and off on a furlough when he died. The Superintendent of the home, Mr. Sommer, states in his letter that when Rosenkrantz entered the home he said that notice of death or accident to him could be communicated to John Kirkpatrick, of Jeffersonville, Ind. It is supposed Kirkpatrick is a son-in-law, and he was today notified by letter of the old man's demise.

COMMERCIAL CLUB

Annual Meeting to be Held Tomorrow Evening at City Hall

Election of Directors for the Year—Other Business May Be Considered.

LARGE ATTENDANCE DESIRED

The call has been issued for the annual meeting of the Commercial and Manufacturers' association of Paducah for tomorrow night at 8 o'clock at the city hall. A number of matters of importance will come up, among them the election of a board of directors. It is understood there will be few changes.

It is possible that the directors will then hold a meeting and elect officers for the ensuing year, although it is not imperative. In many bodies the directors are first elected and they hold a subsequent meeting and elect officers but it is probable in this case the officers also will be elected tomorrow night.

President Stanley DuBois, in his call for the meeting tomorrow, says:

"The maintenance of this association is a matter of the greatest importance to the city of Paducah and her business men; but in order that the greatest good may be accomplished the hearty support of all our business men is necessary."

"During the past year more attention than before has been given by the association to the question of freight rates, and it is believed that much permanent good will result from work now in hand, especially the movement to have Paducah's basis rate to the southwest changed."

"Some special matters of importance will come before this meeting which require the attention of all members."

JAMES GURLEY DEAD.

HE LIVED IN DOGTOWN AND DIED IN CITY HOSPITAL.

James Gurley, age 30, died at the city hospital today at noon of malarial fever after being in that institution only a few days. He was admitted on the 9th and was brought there from a small hut in what is known as "Dogtown." He leaves only a wife.

The wife of the deceased appeared at the city hall this afternoon and had the officers to telephone to Reevesville, Ill., where Gurley's mother lives. When a reply is had the undertaker will be notified what disposition to make of the corpse.

Gurley had been here since spring and fished for a living. His wife stated that he had contracted a cold from his work and that it later developed into fever.

WILL PROBATED.

The will of the late Pete Rogers was this morning filed for probate. He leaves to his wife, Bertha A. Rogers, all his estate, both personal and real.

ASSUMED NAME

Is What One Colored Belligerent Gave Today.

Finally Admitted His Name Was Joe—Wanted on Old Warrant.

"Pappy Frogge" and Sterling Fitzgerald, colored, had a fight this morning near the Cohankins Mt'g company at Ninth and Boyd streets and were promptly arrested by Officers Terrell and Murray and when brought to the hall an important discovery was made.

It seems that Frogge, which is a nom de plume, had cut Fitzgerald and the later in return had given his antagonist a good pounding with a stick. When they were brought to the hall the information that Frogge was an assumed name was given the police and after a short term in the sweat box Frogge admitted that his real name was Charles Jones.

A run through old papers brought to light a warrant against Jones for house breaking, charging him with having broken into the house of Mr. John Howells and stealing a coat which he sold to Frank Lawrence, the second hand dealer. He will be held on this warrant in addition to the one charging a breach of the peace.

DUEL TO DEATH.

WITH PISTOL AND STILETTO TWO MEN FATALLY WOUND EACH OTHER.

Chicago, Ill., Nov. 19.—A duel between men armed with a pistol and stiletto was fought in Archer avenue. When the battle ended both the participants had received wounds which were pronounced fatal.

Frank Russo, eighteen years old, and Ferdinand D. Vinincento, twenty one years old, met in front of Russo's rooms. They had long been enemies, it is said, and without a word of warning they rushed at each other. Vinincento fired as he ran, and Russo stabbed him as he himself fell. Thirty people standing nearby saw the battle, and policemen who came had to beat their way through a large crowd. Anthony Russo was arrested for complicity in the crime.

EATEN BY THE HOGS.

A HORRIBLE SIGHT REVEALED TO RURAL CARRIER.

Hopkinsville, Ky., Nov. 19.—Mr. E. F. Conyer, carrier on rural mail delivery route No. 2, out of this city, was making his regular round when his attention was attracted by some hogs and found that the hogs were eating the body of a dead man. They had torn away his head entirely and had exposed the stomach and bowels, besides tearing other portions of the body. There is no way to tell how the man came to his death; neither was there any clue to his identity.

The body was found about two miles from Pemroke.

ASSASSINS BUSY.

FOUR ANARCHISTS WANTED TO KILL KING OF ITALY.

Paris, Nov. 19.—A dispatch to the Patrie from Lugano, Switzerland, announces that an architect has surrendered to the police there and has confessed that he had been elected to kill the President of Switzerland, but that his courage failed him.

Nice, Nov. 19.—The police here have arrested four anarchists who are suspected of the intention of waylaying the King of Italy on his return from England.

THE INAUGURATION.

Frankfort, Ky., Nov. 19.—Mayor Darnell issued a proclamation calling on the people of the state to aid in the celebration of the inauguration of Governor Beckham December 8 and extending general invitations. The mayor has asked the chiefs of police of Louisville, Cincinnati and Chicago to send detectives to Frankfort on inauguration day in order to prevent the numerous petty thefts which generally occur.

THE NEW BOND ISSUE

The Committee Issues its Statements.

An Agreed Suit to Be Filed By Mr. Stanley DuBois at Once.

WILL ENHANCE THE BONDS

A definite course has been outlined in regard to the bond issue authorized at the recent election, and it has been decided that Mr. Stanley DuBois, president of the Commercial club and one of the best known and most popular citizens, will bring an agreed suit for the purpose of having the courts pass on the validity of the bonds, and thereby enhance their value. This is the only reason the suit is to be brought, and the only reason Mr. DuBois is to allow the use of his name in the action. It is simply to have the courts pass on the bond issue and say they are perfectly legal, which the people already know to be a reasonable certainty, but which bond purchasers may not be convinced of without a decision from the court.

Mr. DuBois stated this morning that he would like for everybody to understand this, as he only consented to have the suit brought in his name at the request of city officials and prominent citizens interested in the bonds, and the improvements to be made with them, and that he is certain it will enhance the value of the bonds when they are placed on the market.

A meeting of the committee appointed recently by the local boards to take up the matter, was held yesterday. On it were Messrs. James Utterback, Cook Husbands and Connellman Hummel and Alderman Singleton.

The attorneys for the city today issued the following:

"A number of representative citizens and taxpayers have held a meeting at which the subject of the issuance of street, market, house and hospital bonds recently voted was fully discussed.

"In order to protect the interests of parties concerned, and to satisfy prospective purchasers as to the validity of the bonds it was decided that an injunction suit should be instituted and the case carried to the court of appeals without delay.

"The suit will be brought by Mr. L. S. DuBois, who is a well known citizen and also greatly interested in the progress and advancement of the city. Mr. DuBois was selected by the citizens to act as their representative in the matter and the suit will be brought in his name because it is necessary to have some person to act as plaintiff in such cases.

"It is the universal custom in all Kentucky cities to have a test suit brought in which the legality of the bond issues be fully investigated and the validity of the bonds established, before the city attempts to sell them. This was lately done in both Lexington and Louisville.

"The suit will be prepared and filed so as to be heard at the December term of court and carried immediately to the court of appeals, where it is thought a decision can be obtained either in January or February, thus permitting work to be begun on the new streets early in the spring providing the court holds that the bonds are legal."

ACTRESS BURNED.

ACCIDENT HAPPENS THE LEADING LADY OF "M'LISS" AT OMAHA.

Omaha, Nov. 19.—Nellie McHenry, the actress, was severely burned during the performance of "M'Liss." In the third act she is called upon to drop through the roof of a burning cabin and rescue a school master. Her skirts caught fire, and a rescue by the leading man followed. He extinguished the flames, but not until she had been badly burned.

THE WEATHER.

Fair and continued cold tonight. Friday fair with rising temperature.

SOCIALISTS ACTIVE

Are Making an Effort to Control Federation of Labor.

Have Not Succeeded in Capturing the Convention—Galleries Closed.

THE MILITARY BAND QUESTION

Boston, Nov. 19.—The question of whether the organization should commit itself to the doctrine of Socialism came squarely before the delegates to the convention of the American Federation of Labor, but was not answered, as an adjournment was taken until the next day, when debate was resumed. Some nine resolutions favoring public ownership and the organization of a political party to bring about conditions the Socialists seek, were all reported on unfavorably by the committee on resolutions. At once the long arranged plan of the Socialist delegates to fight for the adoption of their principles was put into operation by Delegates Hayes of Cleveland. He offered a substitute for the committee's report but was ruled out of order.

At this point the applause from the spectators led President Gompers to announce that he would order the galleries cleared if the applause was continued. His remark was received with hisses. Thereupon he ordered the spectators to leave. There was a good deal of confusion and at the end the ejected people, numbering several hundred, assembled outside Faneuil hall and adopted resolutions condemning President Gompers for his action. Meantime the debate was resumed by the delegates.

Delegate Hayes and other Socialists spoke at length against the committee's report, while the committee's position was supported by Delegate London, the treasurer of the federation. Just before adjournment the ejected spectators were permitted to re-enter the hall.

Delegate Hayes' substitute for the committee's report was as follows:

"Since wages can never be regarded as the full equivalent for labor's toil, this convention recommends that the workers use their political and economic power along the lines of their class interests to secure for labor the full product of its toil."

A resolution was adopted calling on the federation to request President Roosevelt to order the discontinuance of the unfair competition which the musicians of the country are subjected to from the musicians enlisted in the army and navy.

THE SHIPBUILDING TRUST

NEGOTIATIONS LOOKING TO WARD A SETTLEMENT OF THE LITIGATION.

New York, Nov. 19.—The Evening Post prints the following:

"In the Wall street districts the impression has been general for several days, that a compromise in the United States Shipbuilding company receivership litigation depends solely upon an agreement as to terms. It has seemed evident that something looking to a settlement of the long drawn litigation, with its frequent adjournments, is certainly afoot, and it has been finally believed in many quarters that neither Charles M. Schwab nor Max Pam will ever be called to the witness stand.

"There is reason to believe that the hitch in the matter concerns the Bethlehem Steel company."

Henry Willman, counsel for the bondholders of the United States Shipbuilding company, said to the Associated Press tonight:

"There are no negotiations for a settlement pending. No settlement of the pending controversy will ever be made until a new reorganization plan is agreed to by our adversaries that fairly and properly protects all the bondholders.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This liniment is the grandest remedy ever made."

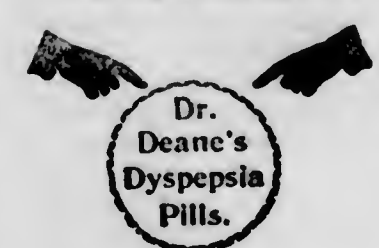

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

HORRIBLE FATE

Young Millionaire Wentz May Have Been Killed

And His Body Left in a Coke Oven and Destroyed.

Richmond, Va., Nov. 19.—A startling but exceedingly plausible solution of the disappearance of young Wentz is entertained by a large part of the people at Big Stone Gap. Two traits of a Kentucky mountaineer are well known. An unwritten law—rarely, if ever, broken—that if he shoots his victim from ambush he never touches his body. It is allowed to remain where it has fallen. Another custom never violated is to retaliate in kind to take "an eye for an eye" or "tooth for a tooth."

The story from Big Stone Gap, then, is this:

"During the summer, a Kentucky mountaineer got into a difficulty at Big Stone Gap, where the Wentz interests have two miles of coke ovens. Police Officer King was shot by him and died almost instantly, the mountaineer being badly wounded. The Wentz interests have a Big Stone Gap hospital for the use of their employees, and for humanity's sake the injured man was taken there. He remained in the hospital for some days and disappeared. No one inside the hospital or out could tell anything about him, when he had gone, why or where.

"Friends of the missing man came to learn how he was getting along. When told he was gone they asked for his body. Of course, it could not be given. They asked why, and received no answer satisfactory to them. Then they jumped to a conclusion, entirely absurd, that the people in charge of the hospital had put their friend in a coke oven. They are thought by many to have found young Wentz at a lonely spot in the mountains of Wise county and to have done to him, according to their custom, what they believed had been done to their friend, who had been in the Wentz hospital."

Boy of Newport Goes Hunting and Freezes to Death.

A County Attorney and a Sheriff Indicted in Different Counties Yesterday.

SPARROWS TO BE KILLED.

CHILD FROZEN TO DEATH. Newport, Ky., Nov. 19.—Clifford the three-year-old son of William Redmond, a wealthy farmer was found frozen to death in a field back of Newport. The child, with two other children went hunting black haws. The Redmond child became lost in a field, and when found its mouth was filled with mud, indicating that it had died in great agony.

COUNTY ATTORNEY INDICTED.

Glasgow, Ky., Nov. 19.—One of the most sensational indictments returned by a grand jury in this county in years, was against County Attorney T. D. Underwood for detaining a woman. The prosecuting witness is Mrs. Berkley Borders, of the Roseville country, who filed suit against Mr. Underwood for \$10,000 damages for the same offense a few days ago. Mrs. Borders is the daughter of Mr. L. B. Borders, one of the most prominent tobacco buyers in this county. County Attorney Underwood, who is serving his second term, is a married man with a large family.

SHERIFF INDICTED.

Somerset, Ky., Nov. 19.—The grand jury has returned an indictment against Sheriff Scoville, of Laurel county, for criminal libel of County Clerk J. S. May, of this place, for ordering Clerk May's arrest on an alleged violation of an injunction issued by Judge Faulkner, preventing the County Clerks from sending out the ballots in the recent special Congressional race with Dr. Hunter's name on the ballot.

TO MASSACRE SPARROWS.

Covington, Ky., Nov. 19.—Churchmen want to lead in a massacre and permission to do so was granted by the council. Members of the First Presbyterian church declaring that the sparrows that nest about their place of worship are a nuisance, were granted permission to kill the feathered disturbers of religious equanimity.

MUST RUN FOR SOMETHING.

Frankfort, Ky., Nov. 19.—John Cabell Breckinridge Hill, Secretary of State, will probably become a candidate to succeed F. A. Hopkins in Congress from the Tenth district. Judge John E. Cooper and Judge D. B. Redwine are other prospective opponents of Hopkins.

DIED OF SMALLPOX.

Elizabethtown, Ky., Nov. 19.—George Tabor, a farmer near Rineville, died of smallpox. He filled the position of assessor and Sheriff of the county.

BOWSER'S LIFT

A Well Known Former Railroad Man Promoted.

General Manager of a Big Louisiana Concern—Once Located Here.

Mr. E. H. Bowser, for a long time connected with the Illinois Central in an engineering capacity, has been elected a member of the Board of Directors and General Manager of the works of the Southern Creosoting Company, of Shidell, La. The Creosoting company treats the lumber used in construction work on the coast so that it is impervious to the action of sea water and the destructive sea life. Before going with the Creosoting Company, Mr. Bowser was in charge of a number of important engineering works for the I. O. and L. & N., and the contractor work at Pensacola is a fine monument to his ability in that respect.

Mr. Bowser was located at Paducah for the Illinois Central as chief civil engineer for a year or two, and has many friends here.

Leases And Deeds At The Sun Office.

A Sweet Breath

Like the fragrance of a rose comes a sweet breath from the healthy stomach. The breath is an index to the health. When the breath is bad the stomach is out of order. A disordered stomach strikes terror to the nervous system and weakens every tissue and muscle of the body. It weakens the brain, the heart and damages the kidneys. A disordered stomach starves the blood and weakens the system because it can not digest and assimilate sufficient food to keep up the health and strength.

Kodol

DYSPEPSIA CURE

corrects every disorder of the stomach. It is not recommended for any complaint except those arising from a disordered condition of the stomach. Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol cleanses, purifies and sweetens the stomach. When you take Kodol everything you eat tastes good, and every bit of the nutriment that your food contains is digested, assimilated and appropriated by the blood and tissues.

Kodol Digests What You Eat—Makes the Stomach Sweet.

"I have suffered with heart-burn, and have had most severe attacks of same. I would wake in the night with most suffering pains. I read of Kodol Dyspepsia Cure and with no faith, tried a bottle. I kept it at my table, and I must say, found quick relief. In all, I have taken three small bottles, and for the past year have had no return attack." Deane Kimo Meridian, Wis.

"For a great many years I have been troubled with Dyspepsia. I have tried all the known remedies without obtaining any results. Kodol was recommended to me by my druggist and after taking a few bottles I am glad to say that I can eat anything I wish without suffering from indigestion. I recommend it to all sufferers from Dyspepsia, no matter how serious their case is." E. A. Deane, Little Falls, N. Y.

FIGHTING BOB

WILL EXCHANGE VISITS WITH GERMAN EMPEROR EN ROUTE HOME.

Washington, Nov. 19.—Admiral Evans, commander-in-chief of the Atlantic squadron, whose two year sea service will expire in the spring, will return to the United States on the Kentucky. It has been stated that in the course of his journey to the United States, Admiral Evans would pay a visit to Emperor William and that the emperor would in turn call upon the admiral aboard his ship, the two being well known to each other. The navy department officials, however, profess to know nothing of the matter.

ANOTHER SUIT

FILED AGAINST THE LEDGER AND ITS ALLEGED BACKERS.

Caspar Jones, another member of the Democratic city committee, has filed a libel suit for \$25,000 against the Ledger and its alleged backers, H. H. Scott, W. B. and E. W. Smith, C. C. Leigh, and James Koger. The action grows out of the articles published at the time the city Democratic committee voted against the J. Henry Smith contest for the Democratic nomination for city treasurer.

There are several other similar suits now pending against the Ledger, one of them being filed by Colonel R. G. Caldwell, chairman of the committee.

A PULLEY BROKE

AND RAILROAD SHOPS WERE SHUT DOWN ALL AFTERNOON.

Yesterday afternoon the local I. O. shops were shut down all the afternoon while the machinery in the machine shops was repaired.

A sheave pulley had broken and the machinists had to put a new one on. This pulley works on a shaft leading to the boiler shops and necessitated the shutting down of the entire shops. This was the first holiday the shop men had enjoyed in some time except the regular national holidays, and many went hunting. The machinery was repaired by night and this morning the shops are running again.

THE COMMITTEE

Will Meet in Paducah Saturday,
Nov. 21st.

Will Decide on How to Make Demo-
cratic Nomination for Senator.

Chairman C. W. Morrison, of the
McCracken county Democratic com-
mittee, has issued a call for a meeting
of the Senatorial committee at the
city hall in Paducah on Saturday,
Nov. 21 at 2 p. m., to decide on the
time and manner for making a nomi-
nation for state senator to succeed
Senator McD. Ferguson, who has
resigned to become railroad commis-
sioner.

The members of the committee are:
C. W. Morrison, Paducah; G. O. En-
weris, Marshall; Robert Hazlewood,
Carlisle, and Thomas Neely, of Hal-
lard.

It is thought that a convention will
be called for Monday, Nov. 30, the
precinct or county conventions to be
held the preceding Saturday. The
certificates of nomination must be
filed 20 days before the election, and
Gov. Hickham has called the election
for Dec. 22nd.

The candidates who have announced
or are talked of are: H. G. Tandy,
W. A. Wickliffe and J. Wheeler
Campbell, of Paducah; Judge E.
Berry, of Marshall; Judge Tom Gar-
dner, of Carlisle, and Mr. John Moore,
of Ballard county.

A special registration is to be held
for the city of Paducah on December
15 for all persons not registered, and
entitled to vote.

NO ELECTION.

MAYFIELD MEN UNABLE TO
ELUOT TOBACCO INSPECTOR.

They are having considerable trouble
in Mayfield choosing a tobacco in-
spector, and the matter has aroused
considerable interest in Paducah among
tobacco men. The Mayfield men held
another meeting Tuesday. The com-
mittee appointed to draft new rules
and regulations governing the ware-
house sales reported and the rules re-
ported were adopted. The election of
an inspector then came up. Upon the
first ballot, Mr. R. A. Hale, the pre-
sent inspector, and Mr. P. M. Cope-
land, each received two votes and no
one was elected.

The meeting was then adjourned to
December 1.

A DANGEROUS MONTH.

This is the month of coughs, colds,
and acute catarrh. Do you catch cold
easily? Find yourself hoarse, with a
tickling in your throat and an annoy-
ing cough at night? Then, you should
always have handy a bottle of Hal-
lard's Horehound Syrup. J. A. Ander-
son, 35 West Fifth street, Salt Lake
City, writes: "We use Hallard's Hore-
hound Syrup for coughs and colds. It
gives immediate relief. We know it's
the best remedy for these troubles. I
write this to induce other people to
try this pleasant and efficient reme-
dy." 25c, 50c and \$1 at DuBois, Kolb

NO ONE WAS HURT

But the "Dixie Flyer" Had Nar-
row Escape.

Most of the Train Men Well Known in
Paducah—Little Damage Done.

The slight collision at Fulton yester-
day of Illinois Central passenger
trains in which the "Dixie Flyer"
was damaged, is considered a close
call by the Fulton leader, which says:
"The rear steps and vestibule on
sleeper Tivoli were torn off on east
side and sleeper Elmdale was knocked
off of its trucks and from the track.
Engine 651 of train first 151 was de-
railed and ran into the park of the di-
vision office yard.

First train No. 152, Conductor Mo-
Outhen; engine 651, Engineer Ogden.
Passenger train No. 34, Conductor
Harris; engine 261, Engineer McCut-
cheon.

The clearing of the track was rapidly
pushed forward and traffic was only
delayed a short time, as the trains
could run around the wreck on the
sidings.

It was a miraculous escape for the
passengers on the "Dixie Flyer" and
especially for those occupying the
sleeper Elmdale, as two seconds differ-
ence in the time of the colliding of the
freight would have probably cost the
lives of many. Fortunately, how-
ever, first 151 ran into the passenger, cut-
ting it in two between the sleepers.

The most remarkable event of the
wreck was that a newly married couple
occupying the sleeper did not
awake when the crash came.

THE DISAPPEARANCE

OF A WHOLE FAMILY NEAR
CLINTON THE LATTER PART
OF AUGUST.

W. A. Cannon, of Lynville, Graves
county, was here last Saturday, and to
a Ledger reporter said that his son,
W. E. Cannon and his wife and baby
who lived on a farm six miles south-
east of Clinton, Ky., has mysteriously
disappeared and no trace whatever
could be found of them, says the Mur-
ray Ledger. He says a neighbor of
his son informed him that two men of
that section may have had something
to do with the disappearance of his
son, and family, but search failed to
reveal anything. Mr. Cannon believes
that they have been foully dealt with,
as his son always wrote to him regu-
larly, and he thinks that if they are
still alive he would have heard from
them ere this.

PADUCAH GROWING.

MR. JOSEPH DUNN SURPRISED
AT IMPROVEMENTS MADE.

Mr. Joseph Dunn, one of the owners
of the Independent Telephone Co. here,
was in the city this week on business
and left last night for his home in
Wilkesbarre, Pa. Mr. Dunn thinks
Paducah one of the best small towns
in the union and was surprised to see
the many improvements made since he
had been away which has been but a
comparatively short time.

MR. CLEVELAND'S ROAD.

IT IS SIXTEEN MILES LONG
AND HE WILL SELL IT.

New York, Nov. 19.—Grover Cleve-
land is about to foreclose a mortgage
upon a railroad of which he is the ex-
clusive bondholder—the Bradford, Bor-
dell and Kinzua, one time the most
profitable piece of railroad property in
the world in proportion to its mileage.
The little road is but sixteen miles
long, running from Bradford, Pa., into
the heart of the oil fields. In the hey-
day of the oil excitement the road
carried vast quantities of oil from the
fields and did a great passenger busi-
ness. Mr. Cleveland has all the bonds
now, and they now owe so much lapsed
interest that he is going to sell the
equipment on December 1 at Bradford
to satisfy his claim.

BACK TAXES COLLECTED—One
of the largest single back tax bills ever
collected here was that of \$466 col-
lected by Back Tax Collector W. H.
Patterson yesterday from the Len Fax-

POLICE BOARD.

WILL MEET AT CITY HALL TO-
MORROW—SHAKEUP LATER ON.

The board of police and fire commis-
sioners will meet at the city hall to-
morrow night in adjourned session,
but will probably take no action of
any importance.

Mayor Yeiser has never appointed a
man to fill the vacancy caused by the
death of Commissioner Pete Rogers
but says he will do so at the proper
time and before the time to make the
regular appointments on the police and
fire departments.

One member of the board stated this
morning that he was positive nothing
would be done before the first of the
year when the appointment time
comes. "There may be a general
shakeup," he stated, "but we can't
tell yet exactly what will be done."

MANY TIES.

AYER & LORD CO. PREPARING
TO HANDLE MANY

The Ayer & Lord Co. is preparing
to bring out a lot of ties this season
and have bought many ties since the
low water stage began. The winter
time is the best season for the tie men
as the farmers have plenty of time to
cut the timber and make ties. In the
summer they are busy with planting
and farming and will not cut ties.
Other tie companies with local agents
have also been active and purchased
large numbers.

DISFRANCHISING THE NEGRO.

The authorized assertion of a member of the next general assembly of

Kentucky who claims he is acting under instructions of the Democratic leaders, that he will introduce a bill at the approaching session to disfranchise the negro voter of Kentucky, is drawing the fire of some of the largest papers in the country.

There seems to be no doubt but that if such a bill were introduced it could pass easily, and probably would, for a party that would enact a bill of the character of the Goebel bill, leaving nothing to chance, would likely sanction any other kind of an election bill. At any rate Virginia, Alabama, Maryland, North and South Carolina, Louisiana and Mississippi have passed these disfranchisement laws, and effectually exterminated the negro as a voter, and Kentucky Democracy may feel called upon to do likewise.

That there appears to be little or no necessity for such a bill seems to cut no figure with the Democrats. They might, however, before taking the step, thoroughly consider the advisability of such a law. The St. Louis Globe Democrat says of it:

"The Kentucky Democratic leaders fear negro domination? In 1900 there were 1,862,000 whites and 284,000 blacks in Kentucky. There were seven times as many whites as blacks in Kentucky in that year. Moreover, the lead of the whites is steadily and rapidly lengthening. While the whites increased in population 17.1 per cent from 1890 to 1900, the increase among the negroes was only 6.2 per cent. The rate of expansion of the whites in Kentucky is almost three times as great as that of the blacks. And yet the Democratic bosses of that state pretend to believe they are somehow in danger of negro domination.

"If the Democratic politicians of the south want to make their assault on the black voters of the country unanimous the Republicans will cheerfully meet them on that line. Race and sectional politics is not to the Republican taste, but the Republicans will accept the issue if it is forced upon them. By making the south solid for the effacement of an element of the voters which is protected by the laws, the north will become solid in defense of that right. The south has a power in the government grotesquely disproportionate to the vote which it casts. If it attempts to increase farther against the states which

allow every man to vote, who has a right to do it under the law, it must expect some antagonistic action from the rest of the country. The race issue, if it be put forward in 1900, will give the Republicans a longer lead in the electoral college in that year than they had in 1900."

Judging from the way the present council and aldermanic boards went about letting the contract for the brick streets recently started in Paducah, maybe the best thing they could have done was what they did the other night—decide to have nothing to do with the streets that are to be improved by the bond issue. The people want the work done quickly, but they also want it done well. Is the decision of the boards to leave the new improvements all to the new boards a frank confession of their incompetency?

We have very little confidence in the suggestion that Mayor Yeiser get rid of some of the hangers-on about the city hall. Mayor Yeiser is now in office for four years and he can't get in, at least as mayor, for the succeeding four years, so he could afford to be independent now if he wanted to, but will he? Probably not. Some of the gang now at the public test couldn't be shaken loose by the most violent "shakenp" ever invented. And the powers that be probably don't want to shake them loose.

Congressman John Wesley Gaines, a statesman from the south, has made himself as prominent as our own congressman, Mr. James, by introducing a bill to prevent Grover Cleveland from being elected president again. He need not become alarmed, however, about Mr. Cleveland, for it will be many a year before any Democrat is

elected president.

The Democratic papers seem to have a great deal of space to devote to the rascals the Republicans have uncovered in the postoffice department and had indicted, but they are short on space when it comes to the Democratic bootleggers of Missouri and the naturalization frauds in the Jefferson Democratic club of St. Louis.

This is a very good time not to live in Chicago. Thousands of people are thoroughly demoralized because they have no way to go to and from business. The much hoped for peace in the car strike did not come, and does not seem any nearer now than at first.

WAS JUSTIFIED.

TRAVELING MAN ACQUITTED OF MURDER—WAS WITH GIRLS IN "GOVERNORS' SON."

St. Joseph, Mo., Nov. 19.—The coroner's jury returned a verdict in the Irving McDonaldquest finding that McDonald came to his death from a shot fired by Joseph F. Furling in defense of his own life.

The verdict was met by applause from the 500 spectators which lasted five minutes.

Prosecution will probably drop as the evidence clearly showed that Furling acted in self-defense in shooting McDonald when attacked by McDonald and his companions.

WILL NOT DISTURB DEAL.

Carbondale, Ill., Nov. 19.—The movement started by a government inspector to remove the bodies of all veterans now at Mound City has been frustrated, for the present at least, by Congressman George W. Smith of this district. General Humphrey's quartermaster general has agreed that no thing would be done for the present. When the movement was first started it met with determined opposition in Southern Illinois, where relatives of many of the dead heroes still live.

KILLED IN WRECK.

Carbondale, Ill., Nov. 19.—Fireman Flannagan, whose home is at Centralia, was buried under an engine on the Illinois Central railroad at DuBois. His neck was broken. He leaves a wife and one child.

STATE TEACHERS

Important Meeting Being Held in Louisville Today.

A State Educational Association May Be Organized By Prominent Educators.

A state meeting of school superintendents is being held at Louisville today but there is no representative from Paducah. Superintendent Hatfield being unable to get off. The object of the meeting is to discuss matters of interest to the schools and their welfare.

Two distinguished educators from outside of the state will be present and will make addresses. William George Bruce, editor and publisher of the American School Board Journal, of Milwaukee, Wis., will be present, and will deliver an address on some subject of educational interest. The other speaker will be William S. Mack, of Aurora, Ill., president of the school board of that city.

The superintendents of the state have never formed themselves into an organization, and they will come to Louisville simply in their individual capacities. It is possible that an effort to effect an organization may be made at this meeting. The purpose is simply to get the educators of the state into closer touch. After the session on Friday afternoon the meeting will adjourn.

It is possible that annual meetings of the Kentucky educators will be held hereafter, on the lines followed by the national organization. It is felt that the state's educational interests can be best served through a thorough understanding among the school directors and teachers.

TO ADOPT ORPHAN.

A petition was filed this morning in circuit court by Lee S. and Florence Robertson to secure the adoption of Willie Cumley, an orphan in the Kentucky Children's Home Society in Louisville. The papers were made out, the case docketed and the child bound over to the plaintiff.

WALL NOT UNSAFE.

AND THERE WILL PROBABLY BE NO TROUBLE OVER IT.

There has been considerable discussion about the west wall of Hotel Lagomarsino, which was reported unsafe, from the recent fire, but a conference with local architects established the belief that the wall is all right, and there will probably be no further trouble. One rumor was that the Messrs. Michael, who are to erect a new building adjoining the hotel, would try to force Captain J. R. Smith, owner of the hotel building to tear down the old and put in a new wall. One of the Messrs. Michael said today that they were satisfied if Captain Smith was, and if he wanted the present wall used they were willing, or if he preferred when the new Michael building is started, they would go in together and build a small wall to make sure of the safety of the present wall.

NONE IN ST. LOUIS.

RELATIVES OF J. H. GREEN HAVE NOT YET BEEN FOUND.

Word was today received from St. Louis that J. H. Green has no relatives there so far as could be learned. Green is the man found dead in his room on Kentucky avenue near Fourth, yesterday morning from the effects of medicine he took for heart failure. He is supposed to have a family in Nebraska, and it was said had a niece in St. Louis, but a telegram received by the undertakers this morning states that none of his relatives can be found.

There are 50 shops included. F. W. Butler is president and D. W. Patton, secretary. Both men are from Akron, O., and it is probable that the headquarters of the organization will be in that city.

A STRONG STAFF.

THE POWER OF PURE FOOD.

"Some years ago when we lived in New York city, husband and I lost four of our little ones during the hot weather."

"When we moved to Vineland, N. J., we made the acquaintance of the food Grape Nuts. It was here that our little girl, Majuba, was born but she was so frail and 'skinny' that we feared we would lose her as we had the other babies. When she was eight months old we learned about Grape Nuts and began feeding her this food and now wherever she goes our friends feel her arms, she is so plump and her flesh so firm."

"I am convinced that Grape Nuts with a little white sugar and boiling water would save many a poor baby's life during the hot weather when milk is sour and the little ones suffer most."

"After seeing the power of Grape Nuts upon our little girl my husband began its use and all last summer when we lived at Eslington, Pa., he eat Grape Nuts and no meat. Although he was working at the hardest laboring work, digging ditches all this time he felt strong and well without the meat just so long as he had Grape Nuts." Theatrical Notes.

The Van Dyke Eaton repertoire company successfully presented "A Lion's Heart" to a large and appreciative audience last night at The Kentucky and won new laurels. The leads are all far above the average and those who have attended the shows say the company is stronger in many respects than one night stand shows of a much wider reputation.

The cast of "A Lion's Heart" was as follows: Dick Lorrimer, a gentleman farmer—Will H. Dorbin. Marian, his wife—Ollie Eaton. Pessio, his sister—Della Mae Wilson. Jack Bealby, Dick's friend—Willard Foster.

Colonel DeVillefort, of the French army—John Doyark. Gaspard Dobre, his valet—F. Charles Fredericks. Bizarro—Whit Brandon. Dobson, a private detective—Harry Eldon.

Jean Lorraine, landlady—Jack Cassin. Charnbaron, Piton—convict settlers—Frank Clark, Harry Earl Adele Laroche, a female convict—Laura Eldon.

Glister Gertrude, Mme. Le Chevalant—Bertha Davidson. Tonight the "Three Musketeers" will be presented and will no doubt draw another large house. This is an excellent piece and never ceases to draw in the large cities. But few repertoire companies have been able to present this piece successfully and the Van Dyke-Eaton company has proven its supremacy over them all by the interpretation and presentation given this piece by the members of the cast.

About the recent interview with John Philip Sousa, the March King, and Sousa's ideas that musical education was expanding in this country and that there long some grand opera would be written by an American, while criticized severely, at the outset, certainly bears the earmarks of truth, for with such notable competitors as Victor Herbert, De Koven and Willard Spenser, it is not unreasonable to anticipate a nobel result. Willard Spenser, the best known of the trio—his "Little Tycoon," "Princess Bonnie," and "Miss Bob White," all having had long, successful runs. The latter, by the way is booked for early presentation here.

The appearance at the Kentucky on Monday night of Miss Helen Grantley and a superior company in Lorimer Stoddard's dramatization of F. Marion Crawford's novel, "In the Palace of the King," will be an event. This is a play and this is a star who appears to the public upon real merit. "In the Palace of the King" has all the attributes of a worthy successful literary effort. It is a play intrinsically and extrinsically superior.

County Clerk Charles E. Graham and wife are parents of a fine girl baby, born last night.

DECIDE YOURSELF.

THE OPPORTUNITY IS HERE BACKED BY PADUCAH TESTIMONY.

Don't take our word for it. Don't depend on a stranger's statement.

Read Paducah endorsement. Read the statements of Paducah citizens.

And decide for yourself.

Here is one case of it. W. S. Smith, residing at 1204 South Fourth street, says: "My back has troubled me for some years past. It would ache so much above the hips that I would have to go and lie down and then I couldn't get up without help. My daughter would apply plasters and mustard and everything else to see if I could not get relief. They would help me temporarily but it would return soon as severe as ever. One day we noticed Doan's Kidney Pills advertised at DuBois & Co's drug store and sent and got a box. I took them as directed and in about a week I was able to go about my work as usual, the lameness in my back and shoulders ceased and the kidneys began to perform their work in the regular and natural way. I found out it was kidney trouble that caused me to ache so much, and I am positive it was Doan's Kidney Pills that relieved me of all the trouble. I can cheerfully endorse them."

CHICAGO WILL RAID

Chicago, Nov. 19.—The searchlight of the council investigating committee was turned on the children who are lured to the evil haunts of the levee.

After hearing some astonishing evidence with reference to girls of tender years, the committee went into executive session at noon and summoned Chief of Police O'Neill. It is believed the police will descend on several places in expectation of finding children inmates.

The evidence was to the effect that girls ten years old and up have been harbored habitually.

CHARGED WITH "KLUKKLUXING"

COOKE AND OTHERS ALLEGED TO HAVE DUCKED NEGRO.

Lexington, Ky., Nov. 19.—Sheriff J. T. Wilkerson received last night a warrant for the arrest of Warren Cooke, formerly of Standford, and well known in trotting circles, based upon an indictment returned to Lincoln county, charging him with "klukluxing."

Cooke, in company with five others, it is alleged, repaired to the home of Frank Richards, a negro, and ducked him in a pond because they believed he had voted the Democratic ticket.

WILL ENLARGE BUILDING—It is probable the Messrs. Livingston will enlarge their present warehouse on First street by adding three stories to it, and have their wholesale grocery there in the future. Senator McCreery Introduces a Bill.

Missouri Democrats Convicted of Naturalization Frauds Get Heavy Sentences.

NEW YORK MANS' LUCK.

Washington, Nov. 19.—Senator McCreery has introduced a bill in the senate for the relief of Collector of Internal Revenue James Denton, at Danville. In November, 1902, the collector's office was robbed of tax paid stamps valued at \$56,189.77. Under the law the collector is responsible for the value of such stamps and Mr. Denton was required to pay this sum into the United States treasury. The collector requested Senator McCreery to introduce the bill and he has done so. It is probable that through the senator's efforts Mr. Denton will be given credit for the money at the treasury and thereby will recover a good sized fortune.

DEMOCRATS CONVICTED.

St. Louis, Nov. 19.—Judge Adams, in the United States district court sentenced John P. Bolan, chairman of the Democratic city central committee and Policeman Frank Garrett, convicted of participating in naturalization frauds, to five years' imprisonment in the penitentiary and each to pay a fine of \$1,000.

Sentence on Thomas E. Barrott, former marshal of the St. Louis circuit court of appeals, convicted on the same charges, will be deferred until after his trial on other indictments for similar crimes.

Attorneys for the three men mentioned had filed a writ of error, asking for a new trial. This was denied by Judge Adams, who passed sentence.

FOUND \$10,000 IN JEWELS.

New York, Nov. 19.—Colonel E. H. Power, of New York, has had the unusual experience of losing a package containing \$40,000 worth of jewelry and finding it within a few hours, says a London dispatch. Mrs. Power had sent her jewels on from Carlsbad by a friend and her husband started to take them to a safe deposit. Colonel Power put the package on a seat in a cab beside him, covering them with his overcoat. On the way he stopped at a tailor's, and, catching up his overcoat, paid the cab driver and dismissed him. It was not until he was leaving the tailor's that he remembered the precious package. Much wrought-up, he hurried to the Scotland yard and a score of detectives began to search the city. A few hours later the police inspector called upon Colonel Power and announced that the cabman had been found and turned over the jewels. Under the law the finder is entitled to 20 per cent of their value, so he will be substantially rewarded.

FISH COMMISSION.

A STATION MAY BE ESTABLISHED IN KENTUCKY FOR FISH CULTURE.

Washington, Nov. 19.—United States Fish Commissioner George M. Bowers indorses the proposition embodied in Representative Kehoe's bill to establish a fish culture station in the state of Kentucky.

"I believe," he said, "that Kentucky ought to have one of these stations, although it should be left to the commissioners to determine its location. If one is established in the Bluegrass state the commission will proceed to stock the Kentucky rivers with bass and brim and the mountain streams with trout. I trust some such bill as has been introduced by Mr. Kehoe will pass congress this season."

BEST LINIMENT ON EARTH.

I. M. McIlany, Greenville, Tex., writes, Nov. 2, 1900: "I had rheumatism last winter was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 at Du-

It is Probable Fire Marshals May be Required.

The K. T. Board at Louisville in Favor of Them all Over District.

ELECTRICAL INSPECTORS.

The Kentucky and Tennessee Board of Fire Underwriters in session at Louisville wants a fire marshal appointed in Kentucky towns.

The board's determination in this matter is clear. It claims that a fire marshal to investigate the causes of fire, the value of the property and the amount of insurance carried, should be employed in every town and as a result there will probably be a resolution recommending the Kentucky and Tennessee legislatures to pass an act creating such an office. The leading insurance men of the country have for a long time believed that the evils attending the over-insurance of property and its burning by the owners could be checked by municipal authority. Bowling Green has such an official, and insurance men believe his value has been proved.

The board will probably decide that owners should be required to insure their property to 80 or 90 per cent. of its value, so securing a lower rate and the mutual benefits incident to a fairly complete covering of possible losses.

William T. Benallick, electrical inspector of the Michigan inspection bureau, delivered his talk on electrical devices and fire insurance, telling of the causes and dangers of burn-outs by defective fuses, hanger-boards, rheostats and splicing. He warned property owners against installing inferior appliances in their buildings, and said that an electrician should be employed to make repairs instead of relegating this work to the janitor or engineer. He outlined the work of the Michigan board in detecting and replacing defective electrical appliances, and thereby preventing loss of property and life. He said that his bureau had always favored the use of electrical lighting, but insisted that it be regulated according to the provisions of the national code.

COAT STOLEN

MANY THIEVES ARE ABOUT—HALLWAY THEFTS.

Mr. Charles Elderbrook reported to the police that his overcoat was last night stolen from a Fourth street saloon.

The police have been receiving reports of these petty thefts for the past several days, since the cold snap set in, and are keeping a strict watch for the thieves. It seems that they operate in the resident portion of the city, principally, opening front doors and securing the garments from the racks and the hallways.

The police believe now that opening doors to steal coats is what caused so many doors to be found open a few nights ago.

ALL FAVOR IT

SUPERVISOR JOHNSON MEETS WITH MUCH ENCOURAGEMENT.

Road Supervisor Bert Johnson is enthusiastic over his plan of improving every road in the county during the next five years by a bond issue which with the regular tax will improve all roads, the plan carrying with it a means to make the improvements without an additional tax on the people. He has talked his plan to many farmers in the county and they all favor it. He thinks the idea will meet with the general approval of the magistrates and is jubilant over the prospects of its success.

MANDAMUS PAPERS.

The Register Publishing company has filed suit against the City of Paducah, Mayor D. A. Yeiser and Auditor Kirkland, to force the publication of the delinquent tax list, which contains the names of those who have not paid the first half of their taxes. It is alleged that the law requires this to be done, and that the council has decided by a majority vote not to do it, which determination, if carried out, will deprive the Register, as official newspaper of the city, of fees amounting to between \$1,000 and \$200.

Congress is Expected to Soon Take Some Action.

A Million of an Undesirable Class Came in One Year—President Roosevelt to Act.

CAMPAIGN IN CONGRESS

Washington, Nov. 19.—The coming of more than a million immigrants during the past year, most of them of an undesirable class, has aroused the interest of those who believe in restrictive legislation of some kind, and there are evidences that President Roosevelt and his advisers in the administration are preparing to take a strong stand on the subject. Not only the coming of the undesirable classes, but the lax methods employed in the naturalization of aliens, will be brought to the attention of Congress in no mild terms by the President and the leaders of the administration and of Congress.

President Roosevelt is talking the matter over from time to time with representative men from all parts of the country, and he especially takes pleasure in bringing up the subject with men of foreign birth or parentage. This morning he discussed the subject in a general way with Representative Each of La Crosse, Wis., who is of German parentage. The President believes that there is an urgent demand for better methods in the matter of naturalization, and that the doors must be closed to the undesirable element which annually floods to our shores, especially those from the low countries of Europe.

It is expected that in his message to Congress President Roosevelt will discuss these subjects with the vigor and earnestness which always characterize his utterances upon matters affecting the well being of the American people. Of course, it is not expected that the President will suggest any measure of legislation or any method of reform, but he will point out conditions in respect to immigration and naturalization which he will insist demand the careful and prompt attention of patriotic men, if the evils are to be corrected.

President Roosevelt is thoroughly familiar with the conditions which have been produced by the thrifty Germanic and Scandinavian and other north European people who have come to our shores and contributed much to the development of the country's resources. But he is also familiar with the class of southern European peoples who flock here in much greater numbers and who crowd the cities, drag down the wages and standard of living of American workers and in many ways contribute to retard the bettering of conditions among the American people. He has a standard on which he believes all patriotic Americans of whatever parentage or birth can stand, and that is that the United States can not have too many good immigrants, but the coming of any number of undesirable immigrants is a menace to the social and industrial well being of the American people.

There will be a campaign in the present Congress, more vigorous than has ever been known heretofore, to check the inflow of the undesirable classes from southern Europe, and this campaign will have the strong and enthusiastic backing of President Roosevelt.

WOMEN TO HELP

OFFERS HER SERVICES FOR BENEFIT OF THE CANTEN.

Washington, Nov. 19.—Miss Phoebe Cousins has tendered her services to Representative Bartholdt in assisting him in getting through the bill restoring the army canteen. She wrote to Mr. Bartholdt as soon as she read that the W. O. T. U. was attacking him for having introduced the bill. Miss Cousins states that she is prepared to refute the arguments of the W. O. T. U. and of others against the bill from a feminine standpoint.

Mr. Bartholdt accepted her offer with thanks.

Illinois Central Officials Due This Afternoon.

Will Not Stop Long—Improvement in the Local I. C. Yards.

The annual main line inspection train will arrive in Paducah this afternoon late from Memphis and will proceed east to Louisville after engines have been changed here.

The inspectors have telegraphed here apprising the local officials of the schedule time and to be prepared. The train left Memphis, according to a telegram to headquarters here at 10 o'clock this afternoon and will run here in four hours. Stops will be made only long enough to change engines. There will be several Louisville division officials here to meet the train and accompany the inspectors over the division. Superintendent Gaven and other Tennessee division officials will accompany the train to Paducah.

This morning the conditions in the local I. C. freight yards are much better than they have been, according to reports from the yard men. Tuesday morning sixteen freight trains were run out of Paducah en route south and the freight is being moved as fast as possible.

IN DECEMBER.

THE PADUCAH INSPECTOR WILL BE ELECTED.

The matter of electing a tobacco inspector here is not troubling the minds of the tobacco men. The election is generally held this month but will this season not be held until December. Mr. Ed Miller, the present inspector, will probably have no opposition. Mr. Miller has made an excellent inspector and will doubtless get the position again. The election is held by delegates from the tobacco dealers and growers who also make the rules at the annual meeting.

Tobacco here is reported picking up slightly. There seems to be better feeling with more inquiry. There is but little buying however, and the season will not open until late. The movement of the new crop will be late, the tobacco men say and little is expected until late in the season.
